## Maryland Province Founded; Alumnus Selected Superior

By Terrence E. Burke

The Maryland-New York Province of the Society of Jesus was recently divided into the Maryland Province and the New York Province. With this announcement came the news that the very Reverend Vincent L. Keelan, former vice-provincial would be the first provincial superior of the Maryland Province, while the very Reverend James Sweeney, former provincial, remains superior of the New York Province.

### Province Formerly too Large

"The reason for the division," said Fr. Keelan in a recent interview at his office adjacent to St. Ignatius' Church, "was that the old province was entirely too large, having eight states and the District of Columbia in its jurisdiction, and containing 1700 men.

"By splitting the province, each division will receive more personal administration, and be more conducive to the Society's tradition of a paternal rule."

### Provincial Born Here

The choice of Fr. Keelan for the Maryland provincial was an excellent one, for he knows Maryland and particularly Baltimore well.

"Yes," he said, "I was born in Baltimore in St. John's parish. I attended Sunday school here at St. Ignatius' all through my grammar school days, often serving on the altar."

### Attended Loyola

Fr. Keelan attended Loyola High School in 1904 and 1905 and was in the class of 1909 of Loyola College, when both schools were located at Calvert and Madison Streets.

## Senior Yearbook Staff Appointed

"Autumn Evergreen of 1943" is the official title chosen for the Senior Yearbook according to Joseph G. Kuhn, Editor-in-chief. The motif is that of "Victory and Peace." Class members now in the armed services will occupy a special section of the book. A picture of the Service Flag and the statue of "Our Lady of Evergreen" will be included.

The staff includes Edwin T. Steffy and John P. Fromm as associate editors; Robert J. McElroy, Business Manager; Paul R. Connolly, Activities editor; Cory Walker, Sports editor; Frank Faraino and Norman Wagner are in charge of photography. Father William F. Maloney, S. J., is moderator of the Senior Annual.

Seniors now have order blanks for those desiring a copy. Only those students who fill out such blanks will obtain one. All students are being urged to secure ads. A 10% commission is promised. Further information may be obtained at the office located in the gym.

Rev. Vincent L. Keelan, S.J.

## Freshman Given Scholarship By Greyhound Fund

THE GREYHOUND Scholarship fund has passed the halfway mark with a total of \$422. Early in February, THE GREYHOUND launched a campaign among the friends and alumni of Loyola to raise \$800.00 for a full four years scholarship.

### Winner in Freshman Class

The winner of the scholarship entered the freshman class in June. It is hoped that he is but the first of many who will enter Loyola on THE GREYHOUND fund. The real goal will be realized when a total of six thousand dollars to establish a perpetual scholarship is raised.

### Helps War Effort

This fund is making possible the Catholic education of still one more American, and through it a boy is now receiving the full benefit of a Jesuit education.

The following is the list to date of contributors—

## Navy Calls Out Fifty Students To Active Duty

Fifty Loyola freshmen and sophomores, who enlisted in the V-1 and V-5 Naval Reserve plans over a year ago, have been called up by the Navy. On July 1, they began a course of intensive training under the V-12 plan at Mt. St. Mary's College in Emmitsburg, Md., and Villanova College at Villanova, Pa.

### Length of Course Varies

The curriculum they follow at these colleges will fit them for commissions in either the Naval Air Corps (for V-5 enlistees) or as Deck or Engineering officers (V-7). The length of the course varies between six and eighteen months, depending upon how far the individual enlistee has advanced in college.

### V-7s Remain at College

The senior V-7s were given the choice of applying for active duty or remaining in Loyola at their own expense until they receive their degrees. All of the Senior Reservists have remained in school.

### Emergency Necessitated Call

The V-1 and V-5 plans were formulated shortly after Pearl Harbor in order to permit college men to obtain their degrees, and to enter the Navy upon graduation. But at that time it was emphasized that "the exigencies of the service may necessitate their being called to active duty before graduation. In that event, at least six months notice will be given . . ."

Seven months ago the Navy considered that such exigencies had arisen.

## First Summer Session Makes Loyola History

A new freshman class, the first in the history of the College to begin classes in the summer, registered at Evergreen on June 26. There are 108 students in the class. Only those whose high school records showed their capability to participate in the speed-up program were admitted.

### Placement Test

On the first day of school, the First Year men were given a screening test, in order to divide the class into three sections. This was made necessary by the fact that all the freshmen are B. S. 1 candidates. However, next semester some will take up studies leading to Bachelor of Arts degrees.

### Two Year Course

These men will be the first in Loyola's ninety-one years to receive their degrees after only two years of study. Nevertheless, by means of summer sessions, a full schedule, and abbreviated holidays, they will receive the same course as their predecessors.

Loyola High School has 36 representatives in this new class. Calvert Hall comes second with 16; Mt. St. Joseph's has 15; and Baltimore City College 13.

### Secondary Schools

The following secondary schools are also represented: from Baltimore, Polytechnic Institute, Towson Catholic, Towson High, Boy's Latin, Forest Park. From other parts of the state: St. Charles College, Catonsville High, St. John's of Frederick, Annapolis High, Bel Air High, and Ellicott City High.

There are also two Military Academies which have representatives at Loyola, Staunton Military Academy, of Staunton, Va. and Massachusetts Military Academy.

## Five Professors Augment Staff

The first full summer semester in Loyola College's history finds several changes in the faculty announced by the Dean's office. The new changes include Fr. Regis B. Winslow, S.J., Fr. Francis J. Fallon, S.J., Mr. Joseph B. Hanzely, S.J., Mr. Frank Taylor, S. J. and Mr. Joseph S. May.

### Former Professor Returns

Father Winslow, who taught at Loyola College from 1937 to 1940, as a scholastic, returns as Assistant Professor of Physics and replaces Fr. Theodore Zegers, S.J. Father Zegers has been assigned to teach at Canisius High School, Buffalo, N. Y. Other additions to the faculty include Father Francis J. Fallon, S.J., the new instructor in Freshman and Sophomore English, and Mr. Joseph S. May, who augments the Mathematics Department. Mr. May will be remembered by many of the students in the College as their former Mathematics Instructor at Loyola High School. In addition to his teaching duties, Mr. May will assist Fr. Jacobs in the Treasurer's Office.

## Chartrand Edits Greyhound; Three New Offices Created

Robert E. Chartrand, '44 has been chosen as editor of THE GREYHOUND. Richard H. Lerch, '45 is to be the assistant editor. The sports department, last year so ably handled by Mr. Chartrand, comes under the direction of Donald V. Freiert, '44 and Robert E. Martin, '44 as co-editors.

Three newly created offices are those of news editor, copy editor and business manager. These offices have been filled by Joseph G. Kuhn, '43, News Editor; Barkley Fritz, '43, Copy Editor, and Jerome Cardin, '45, Business Manager.

During his career at Loyola the new editor has been prominent in various activities. He is Vice-President of the Dramatic Club, and Secretary of the Debating Society. Last year he put Loyola in the Maryland finals of the Jefferson Oratorical Contest by winning first prize. At New York, Chartrand represented Maryland in the Eastern Finals. He was finalist for two years in the Jenkins Prize Debate, and also serves on the Student Council. Chartrand represents Loyola in the

regional National Federation of Catholic College Students. He is a graduate of Christian Brothers College High School in St. Louis, Missouri.

The new staff is publishing the first summer issue of the paper. The scheduled tri-weekly publication will begin on September 17.

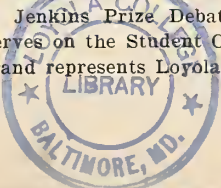

## Father Maloney Will Take Vows

Father William F. Maloney, S.J. will take his final vows in the Society of Jesus on Sunday, August 15. The ceremony will be held in the college chapel on the morning of the feast of the Assumption. The vows will be accepted by the Reverend Edward B. Bunn, S.J., Rector of the College.

The ceremony represents the final solemn consecration of the priest to his religious vocation. Father Maloney entered the Order at St. Andrew-on-Hudson, Poughkeepsie, N. Y. on August 14, 1926 and completed his studies at Woodstock College. He came to Loyola in 1941, and was the Moderator of THE GREYHOUND during the scholastic year of 1941-1942.

At present, in addition to his duties as Minister of the house, Father Maloney teaches Sophomore and Junior Religion. He is also the moderator of the Catholic Discussion club and the Senior Year Book.

## POLICY

In keeping with the precedent set by past staffs, THE GREYHOUND will continue to print the news accurately, tersely, and in keeping with the high principles of good journalism. As the student publication, it will keep before its readers Loyola's task in war-time.

It is inspiring to realize the caliber of men who have occupied the editor's chair at Loyola. George W. McMannus, Jr. together with an exceptionally talented staff, rejuvenated THE GREYHOUND and made it the envy of comparable publications in the East. Harold A. Molz who left to serve actively with the United States Navy Training Unit at Emmitsburg, Maryland, continued the precedent.

Without a knowledge of the brilliant GREYHOUNDS which these men and others have compiled, one might be considerably inflated. However, realizing the just praise that has been bestowed upon these men and their cohorts, the new staff, including numerous first year men, were frankly staggered by the task facing them. In this war year, THE GREYHOUND is plagued with the handicaps which all the college papers are experiencing, but it fills a desperate need. The new staff is pledged to the purpose of satisfying that need.

## INVENTORY

Loyola has accelerated its curriculum to meet crying needs in technical service with the armed forces and industry. Over six hundred Loyola men now serve in uniform but, and this is an important point, while the needs of our country are more than being met by specialized courses stressed here, the individual is of primary importance. For the protection of undergraduates who might have acted unwisely, the administration has earned the gratitude of the entire student body. So much for the curriculum.

THE GREYHOUND points with pride to the student who is now receiving a Jesuit education, on scholarship, through the efforts of loyal alumni. The Scholarship Drive is now in progress, and the \$6,000 goal is not out of sight. This publication was the medium of appeal for this man's receiving further education.

Last year a modest goal of \$10,000 was set for THE GREYHOUND men in the sale of War Bonds and Stamps. This goal was doubled! Loyola College sold over \$20,000 in Bonds and Stamps. During the same period more than 100 men each furnished a pint of blood to the Red Cross.

There is the situation as the first quarter closes. Regardless of what the future may hold for any one individual, Loyola, its alumni, undergraduates and friends, will see the crisis through. Just one more word to alumni. If you aren't able to carry personally the fight to the enemy, why not help equip a young man who will do so for you? You can by contributing to THE GREYHOUND Scholarship Fund.

## A Message

It is a pleasure to send a message to the students of Loyola College. As an alumnus I feel very close ties binding me to Loyola. What gratifies me most is the serious spirit of study prevalent among the students pursuing the present war-time specialized training program. This is a great contribution to the war effort. We need equipped men to meet the acute shortages in essential fields. I am proud too of the 650 alumni in the Armed Service of our country. May God protect them and bless you in your efforts and labor.

## The Very Reverend

Vincent T. Keelan, S. J.,

Provincial of the Maryland Province.

## The Reader's Right

Editor,

THE GREYHOUND.

Sir:

Enclosed is my check as my contribution to THE GREYHOUND Scholarship Fund. There is not much for me to say except that I mean this as a very small expression of my gratefulness to the Jesuits and to Loyola. I hope the drive meets with the success it so richly deserves.

The recent issue of THE GREYHOUND reminded me of the Fund again, even though I intended to send in my bit long ago. So, reminders do help.

My congratulations to you and the staff for the recent publication of the Loyola Honor Roll. It means a lot to know where your former buddies are and what they are doing. Keep up the good work. It's a fine paper.

Asking a little remembrance in your prayers now and then, and with kindest regards to you and all at Evergreen, I remain,

Sincerely yours in Christ,

Rev. Wm. D. McGonigle

Editor,

THE GREYHOUND.

Sir:

I have been asked to give my first impression of Loyola. So here goes. Loyola College, when viewed by a person not connected with the school, appears to be just another one of the thousands of colleges in the United States, but to a student like myself, starting his first year here, it takes on an entirely different appearance. After I heard the welcoming talks by the members of the faculty and representatives of the student body, I realized what it meant to be a student at Loyola College. Here in this school is a faculty with their whole hearts and souls devoted to the education of the student and the moulding of his character. Here is a faculty that takes a personal interest in each and every one of the fellows in the school. Then, too, the upperclassmen made us feel at home on our first day, and gave us a pleasant prospect of college life. Nothing is more pleasing to the new, bewildered student than to have the comfort of companionship with the upperclassmen.

Even on the first day of school we were urged to join the various activities and societies of Loyola. We have been welcomed into these as if we were students here a long time. There can be no better companions anywhere than you will find behind the desks in the societies and in the entire school.

It isn't the school itself which impresses me most, but it is the purpose of the school and the interests of the faculty to produce fine gentlemen and leaders from the boys who enter this institution of learning and accomplishment.

Sincerely yours,

Thomas J. Schmitt

## News In Brief

Philip L. Fogarty, ex '43, won his Navy "Wings of Gold" and was commissioned an Ensign in the Naval Reserve. Ensign Frederick W. Forman, ex '43, reported to the Pacific Fleet for flying duty aboard the P. B. Y's of the Navy Air Corps. Harry W. Krahn, Jr., ex '40, was promoted to aerographer's mate, third class, at the Navy Training School, Lake-wood, N. J.

The magazine CAECILIA, a monthly review of liturgical music, paid a compliment to Father Hacker's Choir, in its June edition. Speaking of the Mass which was sung at St. Ignatius by the Loyola men on Low Sunday, the magazine said: "Here is a College which begins to realize that the higher the plane of intellectual life, the more imperative also becomes the need of living fully in union with Mother Church, even unto her musical life. May there be many more Colleges to understand this neglected truth."

What to Write to Servicemen

The Office of War Information offers these pointers for homefolks writing to soldiers, sailors, and marines—based on suggestions gathered in a survey among servicemen at home and overseas, in cooperation with Special Service Division of the Army Service Forces:

### TELL HIM:

1. How the family is doing everything possible to help in the war.
2. How anxious the family is for the boy's return.
3. How well and busy the family is. Give details.
4. How the family is getting along financially.
5. What's doing in the community: news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Reminisce a little about past events and places the boy used to visit. Enclose clippings from the home-town paper.

### DON'T TELL HIM:

1. Your troubles. He has troubles of his own.
2. Your complaints. He can't do anything about them.
3. About things you are deprived of. He can't supply them.
4. Doleful predictions about the future. He's fighting for that future—now.
5. Unnecessary details about financial troubles. If there are things he should know about family finances, and he is in a position to do something about the situation, tell him. But don't string it out.

## Excerpt

We who are alive today did not make our free institutions. We got them from the men of the past and we hold them in trust for the future. Should we put ease and selfishness above them, that trust will fail and we shall lose all, not a portion or a degree of liberty, but all that has been built for us and all that we hope to build. Real peace will be won only by long determination, firm resolve and a wish to share and work with other men, no matter what their race or creed or condition. And yet, we do have the choice. We can have freedom from fear.

## Mass Opens Scholastic Year; Prizes Awarded at Assembly

Emphasizing the importance of application to study for the student's own benefit and that of the country upon his entering the armed services, the Reverend Edward B. Bunn, S. J., addressed the final quarterly assembly of the last academic year on Monday, July 12, in the school gymnasium.

"Your job is in some ways more monotonous and less glamorous than that of the man in uniform," Father Bunn said, "but your job is just as important as his—to make yourself of the utmost use to the armed forces upon graduation."

### Alumnus Celebrates Mass

Before the assembly, the annual Mass of the Holy Ghost, traditionally held at the beginning of each school year at Loyola, was celebrated in the gymnasium. The Celebrant was Father Robert B. Clifford, who graduated from Loyola in 1938. Father Clifford was ordained last May, and is a member of the Congregation of St. Vincent de Paul.

Father Bunn also delivered the sermon at the Mass. He asserted the importance of the virtues given by the Holy Ghost—particularly courage and perseverance—in our lives here at college, and forever in the future.

Awards were presented to students of Loyola's undergraduate classes by Father Bunn.

The George C. Jenkins gold medal for debate was awarded to Harold A. Molz, now attending Mt. St. Mary's College under the Navy V-12 program. The Grindall gold medal for the student attaining the highest yearly average in Psychology was presented to Angelo Nastasi. Other awards were as follows:

Meyers gold medal for high-

## Fr. Drane Made Freshmen Dean

The Rev. Joseph K. Drane, S. J., has been appointed to the newly created office of Freshmen Dean. The announcement was made through the office of the President. The Dean of Freshmen will act in an advisory capacity to acquaint the new students with military, educational and disciplinary regulations.

### Will Help New Men

Fr. Drane will help to adjust the first year men to their college work. His advice may be sought concerning the most likely course to pursue for the individual man, and the maximum results obtainable by the student. Advice concerning the draft, vocational guidance and an explanation of all extra-curricular activities may also be had.

### First Such Office Here

The office of Freshmen Dean is not new to college organization.—However, not until now was it felt that such an office should be created here at Loyola. As the freshmen will graduate within two years, but still complete all former requirements for a degree, many individual problems are bound to arise. The position is such as to require the entire attention of one executive.

Fr. Drane is beginning his second year teaching on our faculty. He is moderator of the Freshman-Sophomore Sodality, and last year was moderator of the Quarterly.

## Xaverian Bros. Attend College Summer Classes

Seventeen Xaverian Brothers are attending classes at Loyola. Their purpose in doing so is to fulfill certain necessary credits so as to be able to obtain their degrees. During the period of their courses they will live at Mt. St. Joseph's High School in Irvington.

The Brothers are seeking A. B. and B. S. degrees, expecting to complete their courses this term. The courses being pursued are General Ethics and Special Ethics, and in some cases Sociology, English, and Biology.

Brother Sixtus, temporarily acting as the bus driver, brings the Brothers out in the morning in a school bus from Mt. St. Joseph's. They are living at the Baltimore home of the Xaverian Brothers merely for the duration of the course. In September they will go elsewhere to teach.

Brother Wilbert expresses the desire of all the Brothers to participate to the utmost in Loyola's extra-curricular activities. They are at present organizing a softball team, and hope to have a basketball team in the near future.

## Sophomore Vote Goes To McBeth

The Sophomore Class, having lost all but one of its officers from last year to the armed services, elected a new set of officers recently. The balloting took place during the third period. Robert J. McElroy, president of the student council, presided over the meeting.

In order to use the least amount of time and to simplify the election, five members of the class were nominated and then the votes were cast. The four receiving the highest number of votes and election to office were:

Charles H. McBeth, President  
Eugene O'Connor, Vice-President  
Donald Giblin, Secretary  
John Kernan, Treasurer

Immediately after the results had been tabulated the new officers formulated plans for the first and largest job of the year, the initiation of the freshmen.

## Writers Answer Red Cross Plea For More Blood

Paul R. Connolly, chairman of the Blood Donor Committee, has announced that well over 100 Loyola students have already given their blood.

Prospective blood donors who are under 21 are required to bring signed releases from their parents. Donors must be at least 18 years of age. The Red Cross Blood Donor Project is located at 8 South Calvert St.

Besides the Book and Scrap drive, under the direction of Donald Freiert and John Williams respectively, THE GREYHOUND continues to urge students to donate blood to the Red Cross.

### Bond Rally Announced

A War Bond and Stamp Rally to be held at the College will be the next feature of THE GREYHOUND Victory Drive, the General Chairman has announced. A tentative date in early September has been selected for the event.

The committee chairmen are now contacting the Public Relations Departments of the various Armed Services in order to get "name" performers for the Rally.

The object of the Rally will be not only to sell bonds at the event itself, but also to keep Loyola students buying stamps and bonds regularly throughout the year. The Committee for Bond Sales hopes to pass the mark set last year when over \$20,000 in bonds and stamps were sold through the Treasurer's office.

## Sports Feature Alumni Reunion

Over one hundred Loyola Alumni and their sons attended the Alumni Field Day held at Evergreen on Sunday, July 25.

Throughout the day they played softball, tennis, handball, swam in the pool and ran the obstacle course.

### Event to be Monthly

The event was the project of the Alumni Day Committee, under the direction of Robert B. Bouchelle, '30. Mr. Bouchelle has announced that plans are being made for an Alumni Day at Loyola every month. He was greatly encouraged in this regard by the large attendance at the preliminary try-out of the venture.

### Alumni Sons Invited

If these plans meet with success, Loyola Alumni will be advised on what date each month the Field Day will be held, and will be urged to enjoy with their sons the Campus facilities of their Alma Mater.

## Bathon Advises Frosh Entering All Activities

The belated opening of the traditional Freshman Week on Friday, July 16, was marked by a mass meeting of the new students, with Daniel Bathon, President of the Senior Class, and Robert McElroy, Student Council President, presiding. The primary purpose of this meeting was to acquaint the Frosh with Loyola's extra-curricular activities.

The President of each activity spoke to the freshmen, pointing out the purpose of his organization and the way in which this purpose is realized. The moderators and officers of the various activities are counting heavily upon the cooperation of the freshmen in keeping alive the activities.

When interviewed on the continuation of the activities, Dan Bathon said: "Since the armed forces are constantly taking the upper classmen, freshmen are needed to fill their places in the activities. Already many have signed up and are doing a fine job in upholding the spirit of Loyola. In order to get the best out of college, a student must take part in athletics and other extra-curricular activities, particularly the Sodality."

## Freshmen Elect Lacy President

James J. Lacy of the class of 1943 of Loyola High School was elected president of the July freshman class in elections held July 21.

George L. Bardelman was chosen vice-president; William J. Schanberger, secretary; and Laurence P. Molloy, treasurer. The former two are both of the class of '43, and the latter of the class of '41 of Loyola High School.

The elections were held in room 201 in the Library building immediately following the addresses of the various presidents of Loyola's extra-curricular activities. Eleven nominations were made from the floor, and three names were placed upon the ballot: the individual's choice for president, secretary, and treasurer.

Loyola students are once again being cornered by our inquiring reporter. They are being asked to fill out certain blanks labeled *Greyhound Student Poll*. This Poll aims at discovering just what are the opinions of the student body on questions pertinent to present day affairs. We want to thank those whose splendid cooperation has made possible the tabulations of the following results.

(1.) Who is your favorite Sports writer in Baltimore?

- (1.) Linthicum ....52.4%
- (2.) Taylor .....10.5%

It is worthy of note that Mr. Linthicum, this year's student choice, was also chosen last year as Loyola's favorite Sport's writer. This is a good indication of his popularity in Baltimore, for a large number of those questioned this year were not included in last year's interview.

(2.) Who is your favorite sports broadcaster in Baltimore?

- (1.) Dyer .....81.5%
- (2.) Goss .....10.5%

Mr. Dyer is likewise repeating last year's performance. He was chosen by last year's student body as Loyola's favorite Baltimore sport's broadcaster. This year he received more votes than all other choices combined.

(3.) What is your estimate as to the length of the war?

- (1.) 2 years.....42.1%
- (2.) 3 years.....21 %
- (3.) 5 years.....10.5%

As to the accuracy of these selections we as yet have no indication. However, when the war is finally won, consult this issue and see how your estimation compares to the actual time.

(4.) Where will the initial Allied thrust be made?

- (1.) Italy .....36.8%
- (2.) Balkans .....34.2%
- (3.) France ..... 7.8%

This poll was taken before the Allied invasion of Sicily. From all appearances, however, our Loyola students have not made a bad choice. In fact, they seem to have made the right one.

(5.) What is your favorite orchestra?

- (1.) Harry James .....47.3%
- (2.) Tommy Dorsey ....20.1%
- (3.) Glenn Miller .....11.5%
- (4.) Duke Ellington ..11.5%

The melodies of Harry James are this year favored over those of any other band in the land. This question, however, received a wider range of answers than any of the others. Choices ranged from the New York Philharmonic to Baltimore's own swing bands.

(6.) Who is your favorite radio comedian?

- (1.) Bob Hope .....68.4%
- (2.) Fred Allen .....10.5%

Hope as the favorite radio comedian shows that his popularity has not decreased in the school. If anything, he is more popular than ever.

(7.) What is your favorite Comic Strip?

- (1.) Lil' Abner .....60.5%
- (2.) Dick Tracy ..... 7.8%
- (3.) Oaky Doakes ..... 7.8%

Loyola men had no difficulty in answering this question. Although there were many choices, Lil' Abner had no trouble in walking away with first honors.

# Greyhound Begins Alumni Canvass Lists Early Graduating Classes

Graduating Classes From 1853-1866 Are Cited In First Of Series Of Articles Covering Loyola's History

By John H. Plunkett

THE GREYHOUND is seeking information regarding early alumni. Nine years hence, Loyola will celebrate her centenary. Father Rector has asked the Shea History Academy to compile a record of Loyola's 100 year existence. Coincident with that record a new Alumni directory will be published. Herewith we submit a list of the first fourteen classes of Loyola.

Throughout the course of the year, THE GREYHOUND will continue to compile a list of all men who have attended Loyola. It is important that the list be complete. Any information concerning additions to the lists or the occupations of graduates should be addressed to the Editor of THE GREYHOUND.

## Moderator Tells Senior Sodality Year's Program

The Blue Star Chapter of the Sodality of the Blessed Virgin Mary inaugurated its series of meetings under the direction of Father Thomas P. Higgins, S. J. The meeting was presided over by the Senior Prefect, Daniel H. Bathon.

After the sodalists assembled in the chapel had recited the Office of Our Lady, Father Higgins delivered a short address on the plan and purpose of the Sodality. In the course of his talk, the moderator said, "The Sodality is the one extra-curricular activity at Loyola College in which all students who hold before themselves that ideal of self-perfection found in Christ Himself should participate. The Sodality aims at the spiritual improvement of its members, an improvement effected by an intense love for Christ through a sincere and constant devotion to His Mother."

### Meetings to Alternate

The Sodality plans to alternate business and spiritual meetings. Aside from the weekly meetings, however, its members have pledged themselves to serve at Mass from time to time; to fulfill those charitable duties which are certain to arise; and to conduct themselves as Sodalists at all times. The Sodality members accepted a plan to receive daily communion. Two Sodalists will attend Mass each day. They further set as their goal perfection of self for the wealth of good example thus set before others.

### Counselor and Moderator

At the express wish of the Very Reverend Edward B. Bunn, S. J., President of Loyola, Father Higgins is once again both Student Counselor and moderator of the Sodality. As Student Counselor he is available for consultation daily in his office in the Science building from 9:00 to 11:30 A. M.; 12:30 to 1:30 and from 2:45 to 5:00 P. M. Confessions are heard each Tuesday and Friday.

## College Honors Saint Ignatius

Rev. Thomas P. Higgins, S. J., was the celebrant of the annual Mass in honor of Saint Ignatius Loyola, the founder and first superior-general of the Society of Jesus. The college choir was under the direction of Reverend John G. Hacker, S. J. The sermon extolling the virtues of Saint Ignatius was preached by the Reverend John B. Heenan, S. J.

### Fine Attendance

Usually the Mass in honor of the Founder is held at the beginning of the second semester. This year, however, by a special decree of His Holiness Pope Pius XII permission was granted for the early celebration. The Mass was attended by members of the faculty, students, alumni and friends of the college. The attendance this year was greater than in previous years. Though the feast of St. Ignatius is celebrated on July 31, this Mass was held on Sunday, August 1.

## New Provincial

(Continued from Page 1, Col. 1)

"It was a lot different from the beautiful buildings and campus at Evergreen and Blakefield today. But Calvert Street was a fine school in its day, just as they are both fine schools now."

### Studied at Rome

Fr. Keelan's career has been notable. After college he joined the Society of Jesus and was a teacher at Fordham University during the first world war. Following his ordination in 1922, he took graduate studies at the Gregorian University in Rome until 1925. Before his appointment as vice-provincial in 1939, he was a teacher of philosophy at Woodstock.

"You fellows at college have had a hard time of it all right," he said, as our interview drew to a close. "But the only thing to do is to pray that the war will end soon, and while it lasts to make the best of existing circumstances."

### Approves Physical Training

"I particularly like the increased interest shown in physical training at our colleges now. Bodily development is an important part of every boy's education. I think that supervised physical training periods should and will remain a part of college curricula after the war." And he concluded by saying, "You boys have a duty to perform, both to yourselves and to your country, and it is up to you to take your education very seriously now to fulfill both of those duties."

(See Provincial's message, p. 2).

## New Professors

(Continued from Page 1, Col. 4)

Mr. Frank Taylor, S. J. has come from Woodstock to Loyola College to direct the course in Physical Chemistry. A new course in Bacteriology, for the benefit of the Pre-Medical students, has also been started this year. This course will be under the direction of the new Assistant Professor of Biology, Mr. Joseph B. Hanzely, S. J. Mr. Hanzely replaces Mr. Belmoute, S. J., who has gone to Fordham University for special studies in Biology.

# SWINGOLOGY

By John E. Boerner, '43

## Greetings Gaits!

Here we come once again, right back into that world of swing, after a brief but pleasant vacation. Despite the fact that Uncle Sam has been a bit drafty on the personnel of some of our favorite bands, the cats are still cuttin' up in all corners of this broad land of ours; the remnant of the zoot-suiters are still jumpin' to Count Basie, while Grand-Pa and Grand-Ma are still breathing sighs of romance when they hear the lilting strains of Guy Lombardo.

The most disconsolate note at the present time is the scarcity of new records. A few new single discs do pop out every now and then, but they are few and apart. Due to this situation, there has been a revival of many oldies, put out in album form.

## Great Artists

The old master himself, Duke Ellington, comes out with two albums. The first is the "Ellingtonia," recorded for Decca and featuring such Ellington compositions as "Black and Tan Fantasy", "Twelfth Street Rag", and "Rockin' in Rhythm". The second is the "Panorama", recorded for Victor. It covers fully fifteen years of the Duke's recording career, showing the development of his technique and the growth of his instrumentation. It gives us such songs as "East

St. Louis Toodle-oo", "The Mooche" featuring the growl trumpet of Bubber Miley and the alto sax of Johnny Hodges; "Mood Indigo" featuring Barney Bigard on clarinet; "Ring Dem Bells", and finally the best of the lot, "Warm Valley", which spotlights the incomparable Johnny Hodges on the alto.

Decca gives us another album featuring some of the old Red Nichol's classics, displaying the talents of such artists as Red himself, Jack Teagarden, Benny Goodman, Gene Krupa, Jimmy Dorsey and Glenn Miller.

## Single Releases

As for a few of the single releases, we offer for your listening, "Oh! Miss Jaxon" and "Washington Whirligig" by Charlie Barnet with the spotlight on Charlie with his sax, and the voice and trumpet of Peanuts Holland. Columbia gives us Count Basie with "Rusty Dusty Blues" featuring Jimmy Rushing on the vocal, and "All of Me" featuring the voice of Lynn Sherman and Buck Clayton's trumpet. In the dance department, Decca gives us "I'll Find You" and "Only a Rose" by Jimmy Dorsey, spotlighting the romantic voice of Bob Eberly. Last but not least, for you corn enthusiasts, Bluebird offers Spike Jones with "Oh by Jingo" and "The Sheik of Araby".

By John J. Kernan, '45

*Lightin' Oil* by Harold L. Ickes. The latest literary product of our Petroleum Administrator for War, better known as "Paw" Ickes, is dedicated to Americans at war. Praise is due Mr. Ickes for his extensive account of the United States' struggle to meet the war needs for oil. But this book serves another purpose for our author. In his narrative Mr. Ickes manages to insert in every chapter a refutation to his critics for his actions as fuel administrator.

The book is valuable for its explanation of the relationship between our petroleum supply and global warfare, and the monumental task that American oilmen have accomplished in co-ordinating our oil industry.

*The Family That Overtook Christ* by M. Raymond, O.C.S.O. In Fr. Raymond's "biographical novel," we have one of the most enlightening and entertaining lives of a saint published in recent years.

St. Bernard's family was accustomed to courtly luxuries since the saint's father, Lescelin the Tawny, was a lord of the court of the Duke of Burgundy. However, this care-free life had a spirit of holiness instilled into it by Alice and Tesceline of Fontaines. This story of the family's courageous and holy crusades to overtake Christ has been well told by a member of St. Bernard's order, the Trappists.

*The Star of Satan* by Georges Bernanas and translated by Pamela Morris,—a psychological study, in novel form of the workings of the mind of a sane reader. The story possesses the mystic touch of a master teller-of-tales, and has been so graphically translated that each page brings the reader nearer to this unique character.

Father Donissan, priest of Lumbres, a second Vianney, was a curate of no great intellectual powers. A humble man, he ministered to his people without reserve. But his power to read souls and seek out Satan left no mental peace for any sinner whom he met. The book tells the story of people who seek peace for their souls while trying to hide within their sins. It is truly a work of great power and suspense. For the reader who wants a touch of drama mixed with the historical facts in his novel, this story offers most interesting reading.

*The Nation Can Cure Causes of Race Riots* by John LaFarge, America, July 17, 1943. Father LaFarge, well known exponent of interracial justice, presents a clear explanation of the causes of our race riots and offers some remedies for these causes. The most important point in this article is the argument that these riots are not mere local interests but grave national issues which must be faced by a united people.

# THE FIFTH COLUMN

Here we go again!

To begin with, we want to restate the purpose of *this* Fifth Column. We want to leave no doubts in your mind, no uncertainties, no unnecessary questions. Our purpose is, to put it bluntly, sabotage. This column is devoted to the utter destruction of student morale. We aim at extinguishing the light in your eyes, the fire in your hearts, the hope in your souls. You may even end up with despair for the Post-War World. Beware!

The book store is doing a rushing business these days. It would be, that is, if it were ever open. Where is Mr. Betowski? Rumor hath it that he spends his time in trying to get Fr. Herlihy to take his job back. That good Padre, however, seems to have lost all sense of duty in this respect. Methinks his new haircut has made him light-headed.

Last week we were a little surprised at the presence of a number of bodies of freshmen littering up the West entrance to the cafeteria. This was easily explained, however. It seems that at lunch time freshmen are wont to become hungry, (or, if your wish to substitute the word, 'famished'). Of course, as usually is the case, the less hardy souls succumbed in the first stampede into the place. The bloody but still hungry survivors staggered up to the counter. Coldly and deliberately came the voice of Tim Parr, "Sorry fellows, all we have today are egg sandwiches." They expired on the spot. Said Father Jacobs: "There will be dry ice on sale tomorrow. Come early and avoid the crush."

Something new has been added in the Library. It isn't a 15 volume set of the Encyclopedia Britannica, or even a copy of the now famous McNard's Illustrated Koran. Whether planned or otherwise, the new library assistants are quite an attraction. It seems that students are borrowing more books now than ever before—whether or not they're reading them is another question. Many ambitious students, inspired by the good neighbor policy, make daily get-acquainted visits to the Library Building's 3rd floor. So far, all advance movements have been repulsed. We understand that Miss Lee, as a result of her excellent work in the Library, has been offered a full-time job as chaperon at the dances held regularly at the Cadoa.

We wish to bring to your attention one of the unannounced results of the latest Greyhound Student Poll.

In the school's choice for its favorite orchestra, Father Hacker's Fearless Five place a close fourth, nosing out by one vote that favorite orchestra-about-town, Spike Jones! Orchids to the Fearless Five.

Our 'poetry corner' has been sadly neglected. We hope to make amends by the following opus dedicated to our pre-med students:

Doctor Jones fell down the well,  
He died without a moan.  
He should have tended to the sick  
And let the well alone. (sounds like  
*The Columns* from N. D.)

If, after you've finished reading this column, you find it impossible to sleep nights, just move over to the edge of your bed. You'll drop off.

## Running With The Hounds

By Bob Martin and Don Freiert

It seems that in the past few years when a new staff takes over the publication of THE GREYHOUND, the newly appointed Sports Editor ambles on for two or three paragraphs on the great work the preceeding Sports Editor accomplished during his term of office. However, with the appointment of a new staff for the coming year this tradition will be broken. The new Sports Editors are breaking this tradition because we cannot find suitable words which would adequately render to Bob Chartrand the honor and praise which is due him. We only hope that we can carry on just half as successfully as Bob did.

\* \* \*

With the announcement that baseball will be abandoned for the summer months at Evergreen comes the important notice of the Intramural schedule for the summer session. There will be Tournaments in Swimming, Tennis, Track, Handball, Badminton, Horseshoes and leagues will be formed for Softball and Volley Ball. We take this opportunity to urge every student, especially the Freshmen, to enter these tournaments and leagues. Medals will be awarded to the winners of the tournaments, and to every member of the winning teams in Softball and Volley Ball.

\* \* \*

This year more than ever intramural athletics will have to be emphasized due to the abolition of intercollegiate sports for the summer. The loss of key men on the teams and the lack of competition of our caliber have caused this move. Lefty has taken over as high commissioner of all sports but will have much assistance from the members of the varsity teams, and from those two students who handled the entire program last year with so much success. New sports have been scheduled and new faces will be seen on the teams. Gone are most of the "Lonely Hearts", who ranked as the most successful of the teams in the early part of the year, but still remaining is that great spirit of competition which the Green and Gray teams have always been noted for.

\* \* \*

Intercollegiate Sports here at Loyola suffered a severe blow on July 1, when the Navy and Marine Reserves were called out and sent to Mt. St. Mary's and Villanova. Every sport at Evergreen lost at least one man, and in some cases three or four outstanding players. The baseball team lost Babe Schwalenberg and Ed Rommel to the Navy Air Force. The lacrosse squad lost All-American Gerry Courtney and Jim Mann. The track team will severely miss Jim Ball and Larry Schmitt, and among the golfers missing are Bill Strausbaugh and John Love. Even with the loss of these key men, plans are already being made to have a full schedule of fall sports. Lefty Reitz deserves a world of credit for his determination to keep sports going full speed when the Armed Forces are almost daily calling out potential stars to serve Uncle Sam.

\* \* \*

We think that Loyola, more than ever before, deserves quite a hand for the part that it is playing in the sporting world. When much larger colleges and especially the state universities with enrollments of several thousand are forced to curtail their sports program, and the Greyhounds continue on the same basis and even expand as we have been doing, there must be a reason. That reason is our coach, Emil G. Reitz, who deserves more recognition than we can give him. If anyone can get the last bit of athletic ability out of a school of our size, Lefty can do it. For that never-say-die spirit which you have, and which you have instilled in your athletes, we salute you, Lefty Reitz.

## Dopester's Den

Once more Old Dopey departed from his usual custom of predicting the winners, and took a trip around the campus to find out what the "noted authorities" thought of the chances of the Baltimore Orioles in the International League pennant race. The following are the opinions of the experts.

DICK CLARK—"I'll be charitable, and say fourth place."

ALTON MCCARTHY—"After much thought I'll guess fourth."

MOE SMITH—"Third in the Tri-State League."

GEORGE GAY—"They ought to make fourth easily enough."

GIL DUNN—"As a baseball authority I'll say sixth or lower."

ROY KRILL—"Fifth or sixth if they're lucky."

NORBERT RIGHINI—"Sixth place, and I'm the guy who knows."

## Gerry Courtney Receives Award

### Freshman Goalie Named On All-American Stick Team

Gerry Courtney, stellar goalie on the Lacrosse team, received the coveted award of being chosen on the All-American team by the National Collegiate Lacrosse Committee. Bobby McElroy, close attack star of the Greyhounds, was placed on the second team for the second successive year.

#### Starred Through Season

Gerry showed that he had the makings of a champion from the opening whistle. As the season progressed it was more evident that he was the logical All-American choice. It was his never-say-die spirit and strong voice that spurred the boys to great fury and kept the games from turning into wild routs.

Spirit alone didn't make Courtney a star. He was a born goalie. He feared no opponent, no matter how big, and threw himself about with reckless abandon, attempting to keep the opponents from scoring. He showed exceptional ability in clearing the ball. Gerry joins Bobby McElroy, Dick Keller, Noah and Cory Walker, and O'Day as Loyola stars on the All-American team.

#### Played at City

Although this was his first year at Loyola, Courtney was by no means an inexperienced player. At City, he played J.V. in his second year, and advanced to the first string in his third and fourth years. As a senior he was the star of a weak team helping them to score several wins by his great defensive skill. In the same year, he was chosen on the high school All-Maryland team. This team played and beat St. Paul's in the first game of the high school All-Star Maryland Scholastic Championship Series. Gerry is also a stellar Cross-Country man, having starred on the City championship team and on last year's college team.

#### McElroy on Second Team

Bobby McElroy was selected on the second team to make it two out of the last three years that he has received this award. Bob played close attack on the Greyhound ten leading the team in scoring the most goals for the season. McElroy was selected to represent the South in the North-South All-Star game. He played the best game of his career as he led the Southern team to an overwhelming victory. Bob scored three goals, two of which came at crucial moments.

Both Courtney and McElroy have played their last games for Loyola. Courtney enlisted in the Navy V-12 program, and is now stationed at Mt. St. Mary's College in Emmittsburg. McElroy also enlisted in the Navy and will be graduated before the advent of the next season.

## Loyola Athlete Gives Life In North Africa

John Norris (Jack) Delahay was not a Lieutenant or Captain, or even a Sergeant but a P.F.C. who died a hero last Good Friday on the African front. Jack is survived by his parents, a young wife whom he married last June, and a son who was born several days after his death.

He went to Sts. Phillip and James' Grade School, made his high school studies at McDonogh, and spent two years at Loyola before joining the United States Artillery Force. Jack had been selected to enter a Candidate's Training School because of his exceptionally good records and ability as a soldier. However, his regiment was ordered overseas as he was preparing to go to the school, and his appointment had to be rescinded.

#### Had Many Friends

Jack Delahay had many friends in Baltimore. Probably his closest friend was Vince Fitzpatrick, '42. These two used to distribute Christmas baskets to the poor on Christmas Eve. Whenever a friend was sick, Jack would make an effort to visit him as often as possible.

Not only did he have a dynamic personality and a power of literally drawing friends, but Jack had outstanding athletic ability as well. He also partook in many other activities. At McDonogh he played football, lacrosse; was a member of the swimming team, Glee Club, and was a Cheer Leader and Drum Major.

During his four years at McDonogh, Jack built up an athletic name which was rated among the highest in scholastic circles. In basketball and hockey he was only J.V. but in most other sports he tallied high. He held down center position on the McDonogh football team for four years, and was once chosen by the *Baltimore Sun* for its All-Maryland Scholastic Team. However, Jack achieved most of his fame in the tank. At one time he was one of the best swimmers in Baltimore, making his most outstanding records in the hundred yard free-style. Jack was also a primary cog in McDonogh's lacrosse defense.

#### Captained Frosh Team

He started his Loyola athletic career as captain of the Frosh football team which rallied the Sopnomores to a 6-6 deadlock in 1940. Jack came out for lacrosse and did a bang-up job on the defense, but when lacrosse season rolled around the following year he was gone—called into the Armed forces to take part in a greater, more important game. It was a larger and stronger team, and Jack was no longer on the defensive—he took the offense and played the game well, played it to the end.

Jack Delahay died a hero and will be remembered as a hero by his many friends, his family, his wife, and his infant son whom he did not live to see.

## STARS-IN-STRIPES

"He is one of the finest baseball players to enter Loyola College". These are familiar words, heard very often when a fellow is referring to Robert M. Schwalenberg. "Babe" as he was known to all who knew him, played first base on the Greyhound nine as well as starring on the Soccer team. But Babe is not seen around Evergreen any more for he has left to play in a bigger game with Uncle Sam's Navy Air Corps.

Babe began his sports career as a youngster for the St. Elizabeth Parochial School nine. He entered Calvert Hall College High School in 1937 where he continued to prove his athletic ability by starring in football, basketball, soccer, and baseball. He was a member of several championship teams at the Hall.

#### Enters Loyola

Schwally matriculated at Loyola in September, 1941. In his freshman year he was the first string center on a championship soccer team. He collaborated with Joe Repetti to score the most goals of the season. Then Babe tried out for the baseball team, and showed so much promise that he was handed the first base assignment. He was one of the leading hitters on the club and was the main defensive cog in the infield. Last year he was again a star on the soccer team.

R. M. Schwalenberg, A. C.

During his two years at Evergreen Babe was scouted by several Major League teams, and only last May he realized the ambition of every fellow who plays baseball by signing a contract with the Pittsburgh Pirates. He was assigned to the Albany club but received his orders to report to Washington to begin his training for the Navy Air Corps. At present Babe is stationed in Connecticut where he is taking his preflight training. He chose the Navy Air Corps because he wanted to get a crack at those sons of Nippon. Good Luck, Babe, and lets hope that you can get as good an eye on those Japs as you had on that baseball. Keep Them Flying!

# Block L Club Gives Awards

The Block L Club paid tribute to last year's athletes at the annual banquet on June 23 at Evergreen, when it awarded letters and sweaters to those Greyhounds who represented Loyola on the field of friendly strife. This year the Athletic organization was especially proud to entertain its men, not because of any greater achievements, but mainly because they carried on with true Loyola courage in the face of many obstacles. Again our school proves that we encourage all students to enter intercollegiate competition, as witness the fact that more individuals received awards this year than ever before in school history.

## Sudden Blackout

Due to an unannounced blackout of two hours duration, the guests were forced to dance in the dark during the long period. This delay forced the officers to postpone the new membership drive until the next meeting. Father Jacobs cooperated splendidly with the officers by setting a very appetizing refreshment table.

## Mariucci Guest Speaker

Johnny Mariucci, star football and ice-hockey player of the Curtis Bay Coast Guard, formerly of the University of Minnesota, was the speaker at the meeting of July 30. Mariucci gave a very interesting talk as regards the football situation in the country and its possibility of continuing next season. Ed Pazourek and Cory Walker announced that the new membership drive which culminated at this meeting was successful, although there are still a few athletes who have not joined. Everyone is reminded that anyone who has earned an athletic letter at Loyola is eligible for membership.

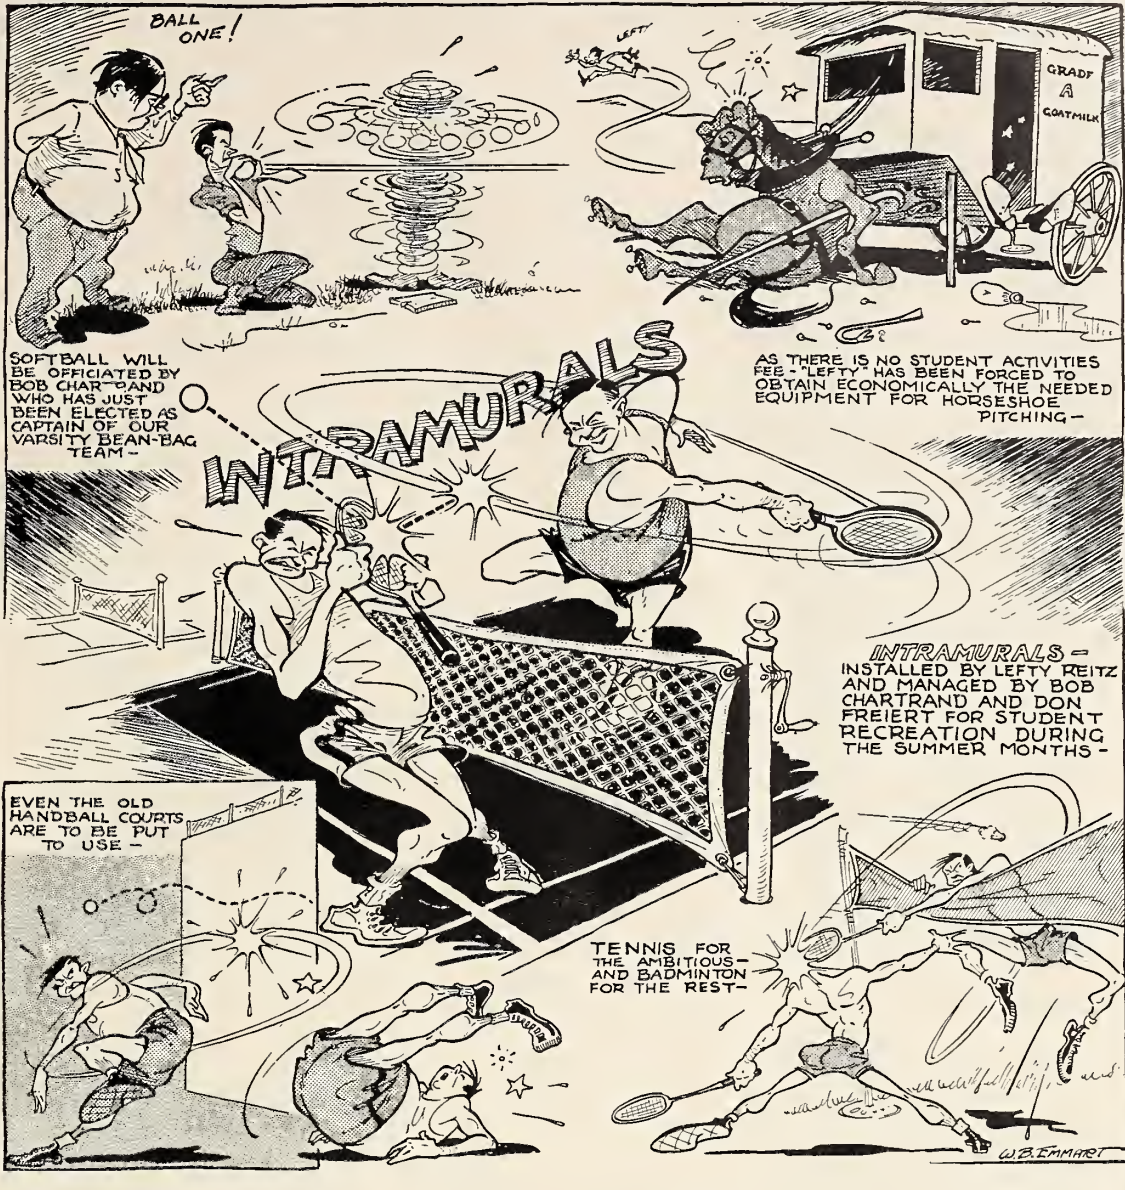

# Juniors Capture Intramural Meet

The Junior Class captured the first summer Intramural track meet by defeating the Sophomores, 36-24. The Senior Class placed first in four events to tally twenty points and finish third, while the Freshmen, who failed to take much interest in the meet, could only score one point. Led by Bill Rathell, who scored twenty points of his team's total score, the Sophomores put a scare in the Juniors, but the upperclassmen secured enough second and third places in all events to assure them of the victory. Outstanding performances were turned in by Rathell, in winning the hundred yard dash and Dick Clark, in coping his speciality, the broad jump.

## The results:

120 Yard Low Hurdles—First, Roth, Senior; second, Sands, Junior; third, McKenny, Junior; fourth, Metz-bower, Junior.  
Broad Jump—First, Clark, Junior; second Rathell, Soph, and McKenny, Junior (tie); fourth, S. Roche, Frosh.  
440 Yard Dash—First, Rathell, Soph; second, Slaughter, Junior; third, Knauer, Junior; fourth, Metz-bower, Junior.  
880 Yard Run—First, McKenny, Junior; second, Paszek, Soph; third, Sands, Junior; fourth, Hunter, Senior.  
Shot Put—First, Bathon, Senior; second, Rathell, Soph; third, Clark, Junior; fourth, Knauer, Junior.  
Mile Run—First, Hunter, Senior; second, Buchness, Jun.; third, Paszek, Soph; fourth, Slaughter, Junior.  
High Jump—First, Roth, Senior; second, Sands, Junior; third, Hodges, Frosh; fourth, McKenny, Junior.  
220 Yard Dash—First, Rathell, Soph; second, Lerch, Junior; third, Clark, Junior.  
100 Yard Dash—First, Rathell, Soph; second, Clark, Junior; third, Knauer, Junior; fourth, Hunter, Senior.

# Softball Opens 'Mural Season'

The Intramural Softball League, operating for the first time on a large scale, opened competition on July 19. Kuhn's Goons defeated Monaghan's Maulers 10-7, in a game that was marked with many thrills. During the lunch period, Stan Yaffe, star of the Yerks, pitched his team to a 2-0 win. Harris' Hustlers, with Paul Connor on the hillock, shut-out the Frosh Fluters 9-0.

## Schedule Completed

The schedule for the games which will continue through August has been completed. However, the Intramural manager is experiencing difficulty in arranging a time which will be suitable to everyone. He has asked us to request that the captains of each team hand in a list of the time when their teams will be available. The league is made up of ten teams. Members of the winning team will be awarded medals at the end of the season.

# Reitz Stresses Obstacle Run

During the summer, emphasis will be put on physical training and intramural sports. Our physical training here is just a slight smattering of what a boy will receive in the armed services. For example, our obstacle course is 200 yards with five obstacles, excluding the natural obstacles such as the clearing of sticks in the ditch and climbing the hill. In the Army and the Navy the average course is a mile long with many additional obstacles. Compared to this, ours is very slight.

# Hounds Drop Baseball

By Spencer Davidson, U. S. A.

Although plans had already been made for a baseball team to represent Loyola this summer, and a schedule drawn up which called for several games with neighboring service teams, Lefty Reitz, athletic director and baseball coach, announced recently that there would be no team until possibly late August or September, and that the service games had been cancelled. Mr. Reitz announced this decision after a conference with Father Jacobs, Moderator of Athletics.

Most important reason for the discontinuation of baseball plans was the fact that from last year's Mason-Dixon Conference championship team only three regulars remain. They are Earl Brannan, who patrolled centerfield, second baseman Ed McGarry, and George Gay at third. Gil Dunn, although in school, is unable to play, and stellar pitcher Ed Pazourek is ineligible since he has been performing for the York club of the Interstate League. Two of last year's substitutes are available: Tim Parr, another twirler and Charley Cicarone, who saw service as a utility infielder. Several freshmen answered Lefty's call, but there was only one pitcher and no catchers among them, and not enough seasoned material to fill out the team.

## Service Teams Experienced

With this deficiency of experienced men and such a short time available to weld them into a smooth working nine, Reitz does not consider it wise to meet crack service teams whose line-ups are studied with former professional ball players. Games had been planned with the Aberdeen Proving Ground nine, Camp Holabird and Fort Meade.

Lefty gave transportation difficulties as another reason for the change in plan. The ban on pleasure driving makes it difficult to arrange games or to play very far from home.

## Track Also Cancelled

Plans to have a track team which would engage in out-side competition also had to be abandoned for the same reasons. No track meets will be held at Evergreen during the summer and the first outside event in which the Greyhound sprinters will participate will be early in September at Homewood. Track will not be abandoned, however, as arrangements for intramural track meets are being made. Bob Martin, who last year assumed the duties of track coach and led the cindermen to one of the most successful seasons in recent years will take charge of the intramural events.

Cancellation of summer activities emphatically does not mean that winter sports will also be suspended. Lefty plans to carry on in all sports in which Loyola engaged last year as far as possible in the face of wartime difficulties. To this end, Soccer, Basketball, Baseball, Track and Lacrosse will be played as usual. Swimming is under consideration since the loss of the Steingass brothers leaves a definite lack of experienced natators.

Reitz wanted it made clear that the policy of intercollegiate athletics during the war will be elastic. If games can be played, they will. If such problems as wartime transportation and the lack of manpower in colleges can be overcome, "Business as Usual" will be the theme of all college competition.

# THALER TAKES TENNIS TITLE

Bill Thaler, Loyola freshman, is the new Junior State Tennis Champion. Following in the footsteps of his brothers, this year Bill reached and won the finals in the Junior Singles playoffs, thus making him the new champion. It was tough going all the way, but he held high the reputation of the Thaler family, and came through victorious.

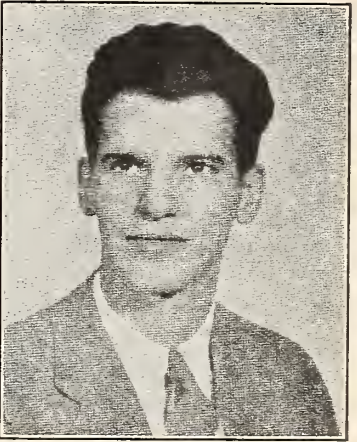

Together with "Lefty" Jim Lacy, also a freshman, he won the Maryland State Junior Doubles Championship this year, giving him an undefeated season. Bill and Jim played together at Loyola High School for four years and are a great pair.

## Doubles Champ

His record is something about which he can boast. In 1938 with Robert Bosworth he won the Maryland State Boys and also the Municipal Boys Doubles Championship. Two years later he won the Middle Atlantic States boys singles crown, the Maryland State Singles and Maryland State Doubles Championships. Last year Bill won the Maryland State Men's Doubles Championship with Kenneth Volk. He has relied mostly on his skill with strong back hand and forehand shots.

## Practice Important

When asked how he achieved his success, Bill says, "I started playing tennis at the age of eight, following in the footsteps of my brothers. With some advice and assistance from my oldest brother, George, I soon developed the correct form. Practice is the keynote to success in tennis." It was not just the twice a week stuff for pleasure that Bill calls practice.

Emil G. Reitz, Jr.

A number of boys who have left for the armed services have written regretting that they never took the obstacles seriously, while others who took advantage of the calisthenics and the Navy tests, found the course a great help. For this reason all the students should use the obstacle course as much as possible.

Intramurals in softball, track, tennis, handball, and horseshoes will be held during the lunch periods and after school. Everyone is cordially invited to take active participation in at least one. Softballs, bats, handballs, and horseshoes can be obtained by the participants from the gym any time during the school day.

As far as intercollegiate athletics are concerned, the first major track meet will take place on September 2. Practice for track and basketball will start the first week in August, and all candidates are welcome. From September to June intercollegiate sports will be carried on as usual with no cancellations unless it is found impractical to continue the schedule.

## Bond Raffle Brings \$300

Eugene Sattler is the winner of the fifty dollar War Saving Bond in the Senior Class raffle as announced by Daniel H. Bathon, president of the class. C. Austin Eby is the winner of the second place twenty five dollar bond. Father Joseph A. d'Invioliers, Dean of Loyola, drew the winning names on Monday, July 26, in the college cafeteria.

### Plaque to be Purchased

The raffle was held for the purpose of erecting a permanent honor roll of the students of Loyola College who serve in the armed forces. The plaque will represent the traditional memorial left by each graduating class. It will be placed in the foyer of the Library Building and it is hoped that it will be finished by October 1.

### Names of Alumni Requested

In order to make the list complete, the plaque committee requests that any Loyola alumni whose names have not appeared in THE GREYHOUND Honor Roll will send in their names, class and branch of service. All information should be sent to Doctor Edward A. Doehler, Loyola College. The goal of the immediate future includes plans for the construction of a similar plaque for the last war.

### Seven Committeemen

The successful raffle was conducted under the leadership of Daniel H. Bathon. He was assisted by the following: Paul J. Plunkett, Harry Chase, Norbert Wagner, Cory Walker, Paul R. Connolly, Edwin T. Steffy and Barkley Fritz.

### Alumni Generous

From the start of the campaign, the response to Mr. Bathon's appeal showed the interest and generosity of the Alumni. Letters from former students and parents expressed their enthusiastic approval of the plan.

## New Chaplain Returns After Navy Training

By Joseph Krejci

Chaplain Thomas P. Ward, S. J., USN, former Professor of History and Student Counselor at Loyola College, returned as a visitor on Monday, July 19. Father Ward has just completed the course at the Naval Training School for Chaplains, located at one of America's most historic colleges, that of William and Mary, fifty miles south of Richmond, at Williamsburg, Va.

The intensive training which Father Ward underwent is that given to all Chaplain candidates. For eight weeks, Protestant, Jewish, and Catholic trainees study, exercise and live together, mutually enjoying the benefits of their daily exchanges of views and experiences.

### Two Weeks of Field Work

Upon arrival at William and Mary, Father Ward returned to the classroom in the long-forgotten role of pupil, and was soon well-schooled in naval etiquette, organization, and speech. A thorough study of the Divine services and liturgies of all denominations occupied his third week. This Naval Training School for Chaplains is not based on theory alone. For two full weeks, Father Ward was assigned to field work, where he toiled and fraternized with future heroes of the sea.

### Back to the Campus

In the final three weeks, Father Ward familiarized himself with his educational duties, the administration of the ship's library, domestic relations proper to Navy men, plus the history, customs and traditions of our Navy.

### Best Wishes

Loyola is proud of Father Ward for having volunteered his services to our Navy, and for having so successfully emerged from such a rigorous and intensive period of training. After Chaplain Ward's brief visit at Evergreen, he left to assume his duties at the Naval Air Station, Norfolk, Va. Loyola unites in wishing Father Ward success in his new position.

## AMERICAN HEROES

BY LEFF

Captain Anthony Hollub manned the top turret guns of his grounded plane to return the fire of the Jap air attack on Clark Field in the Philippines. Exposed to strafing planes, the New Mexico captain ran across the field for more ammunition when it was exhausted. He was ready to sacrifice his life to keep his guns blazing. How much can you invest in Payroll Savings to help heroic fighters like Hollub to keep firing?
